SANTA MONICA, Calif., Sept. 5 -- National Disclosure Authority (NDA), an independent hazard disclosure company, founded by the most experienced disclosure experts in the industry, announced today that RE/MAX Gold Coast, the leading real estate brokerage firm in Ventura County, has selected NDA as their preferred hazard disclosure company.

"We value the superior reporting services that NDA provides, and we wholeheartedly respect the company's commitment to the environment," said Jerry Beebe, Executive Vice President with RE/MAX Gold Coast. "By endorsing NDA, we are proud to take one more step in better serving our clients in an environmentally-friendly way," he continued.

NDA represents a "new generation" of disclosure reports, using state-of-the-art technology to achieve the most thorough and precise disclosure reports available in the industry. The company also prides itself on its passionate commitment to environmental responsibility, with the NDA "Green Team" practicing green conservation in its operations, including planting a tree for every paperless report order it receives.

"It is important to our business to form relationships, based exclusively on the quality of our product and integrity of our mission, with leading real estate brokerages such as RE/MAX Gold Coast," said Sergio Siderman, president and founder of National Disclosure Authority. We are thrilled to provide RE/MAX Gold Coast's clients with the most accurate reports available in the industry, while at the same time helping to protect the environment," he continued.

About National Disclosure Authority (NDA)

National Disclosure Authority (NDA), established in 2007, was formed by the most experienced hazard disclosure professionals, who use state-of-the-art technology to provide the most thorough and precise hazard disclosure reports available in the industry. Based in Santa Monica, Calif., NDA is the only independent disclosure company in the nation completely dedicated to the preservation and improvement of the environment. Among other "green" activities, the company plants a sapling for every paperless report it generates.
